DETAILED ACTION

Allowable Subject Matter

Claims 4,8-13 are allowed.

Claim Rejections - 35 USC § 103

Claims 14,17,18 are rejected under 35 U.S.C. 103(a) as being unpatentable over APA in view of either deVries or Uno et al. See the previous office action for this rejection.

Response to Arguments

Applicant's arguments filed 3/14/06 concerning the above rejected claims have been fully considered but they are not persuasive. Contrary to applicant's remarks, the secondary references are analogous to APA as they are all shredding mechanisms. Also, the type of fluid used would have been an obvious design choice only based on several factors such as material being treated and desired results of the fluid material.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
